## **WhisperRoom™, Inc. heads to NAB 2009**

WhisperRoom™, Inc., the leader in sound isolation technology, will be exhibiting for the 11<sup>th</sup> consecutive year at the NAB Show in Las Vegas beginning April 20<sup>th</sup>. NAB (National Association of Broadcasters) is the premiere annual convention specifically targeted to the leading media, entertainment and communications professionals around the world.

WhisperRoom™, Inc. sees NAB as a great opportunity to showcase their products. "NAB has consistently been an ideal venue for us. It allows us to reach out to a large portion of our audience and show them the sound isolation qualities inherent to a WhisperRoom™," states Debbie Sweany, Director of Sales and Marketing. WhisperRooms are used in top production studios such as Fox News, Pixar, MTV, Sony, and Sirius Satellite Radio, to name a few. Sweany adds, "In fact, NBC used 20 WhisperRooms this past summer to broadcast the Olympics, so NAB is a natural fit for us."

WhisperRoom™, Inc. has a talented and determined Engineering department, consistently looking for ways to enhance their product. Keeping that in mind, a new and improved design was launched last fall to simplify assembly even further and increase the flexibility of the units. With 20 sizes and two levels of isolation available, whether you're a national television network, local university, government agency, or home recording studio, there is a WhisperRoom™ that's perfect for you.

Since 1990, WhisperRoom™, Inc. has been specializing in manufacturing truly portable and affordable sound isolation enclosures. For more information about WhisperRoom™, Inc. please visit their website at [www.whisperroom.com](http://www.whisperroom.com) or call 1-800-200-8168.

WhisperRoom™... Reducing sound to a whisper.
