WhisperRoom™, Inc. Gears Up for NAB 2010

January 2010 - WhisperRoom™, Inc. the leader in portable/modular sound isolation technology will be celebrating its 20th anniversary at the NAB Show in Las Vegas this April. NAB (National Association of Broadcasters) is the leading annual convention specifically targeted to the leading media, entertainment and communications professionals around the world.

A simple and original concept derived from the desire to play a saxophone in an apartment without disturbing neighbors, resulted in the first WhisperRoom. Now, 20 years later, WhisperRooms dot the worldwide landscape of recording, broadcast, and television studios, universities and high schools, government facilities, audiologist offices, manufacturing and manufacturing testing facilities and home studios. The diversity of the WhisperRoom allows them to be utilized for a variety of applications such as vocal/voiceover and foley recording, animation and gaming development, audio mixing, instrument recording and practice, hearing test and equipment vibration/sound testing. The portability of the WhisperRoom and the inherent sound isolation qualities make it an obvious choice for broadcasting. NBC used 20 WhisperRooms to broadcast the 2008 Summer Olympics as well as four WhisperRooms at the Democratic and Republican National Conventions. WhisperRooms are being used for the 2010 Olympic Winter Games in Vancouver by CTV (Canada Television Consortium). This year WhisperRoom™, Inc. made its Red Carpet debut at Twilight's *New Moon* premiere in Los Angeles featuring Ryan Seacrest broadcasting live.

WhisperRoom™, Inc. offers 20 sizes and two levels of sound isolation, a Standard (single wall) and an Enhanced (double wall) and a host of optional features. Sizes range from a modest 3.5' x 2.5' one-person unit to a room-size 8.5' x 15.5' unit. Educational discounts, monthly specials and GSA pricing are available as well as immediate world-wide shipping.

We will be exhibiting at booth #SL5105. For more information about WhisperRoom visit our web site at www.whisperroom.com.

WhisperRoom™, Inc. . . . Reducing Sound to a Whisper Since 1990!
